WINTER CAMPING RULES

RVs must be:

- Owned by the primary occupant staying at the site.
- Registered with ICBC and insured.
- Self contained. Communal washrooms will be closed during these months.
- Be in good working order, including your hook-ups.
- Skirted in, with heat tape on water lines, and insulation on sewer lines.
- Newer than 15 years or otherwise show proof of recent re-insulation and energy efficiency.
- Reliant upon propane for its main source of heat, as our 30-amp services will not run multiple electric heaters.

Your responsibilities:

- Snow and ice clearing at your site. All sites are pull-through, so you have direct access to the street.
- Garbage disposal to the common dumpster near the office.
- Keeping your site tidy at all times.

All of the regular-season rules continue to apply. Failure to adhere to these guidelines will be grounds for removal from the property.
